### Melitron President and CEO Recognized as One of Canada's Top Entrepreneurs

GUELPH, ON - Boosting entrepreneurial talent is critical for our country's future. Successful CEOs and business leaders from across Canada have just finished an intensive program at the Ivey Business School in London, Ontario. These entrepreneurs are on the way to taking their companies to the next level.

Melitron Corporation is pleased to announce today that Mike Turner, President and CEO of the Company has completed QuantumShift, an exclusive invitation-only leadership development program for 40 of Canada's most promising entrepreneurs.

"It was truly an inspiring experience to participate in this interactive learning environment at Ivey with such an exceptional group of business leaders from across Canada." said Mike Turner. "The unique program has undoubtedly equipped me with some valuable tools that can help me focus on leading our company through our next stage of growth as we continue to innovate alongside our customers."

Founded by KPMG Enterprise and the Richard Ivey School of Business at The University of Western Ontario, QuantumShift uses Ivey's highly regarded case study method and award-winning faculty to help take the skills and talents of these entrepreneurs to the next level. For more information about QuantumShift, please visit [www.quantumshift.ca](http://www.quantumshift.ca).
